NICHOLALALA

So she really is dating a guy who is alive?

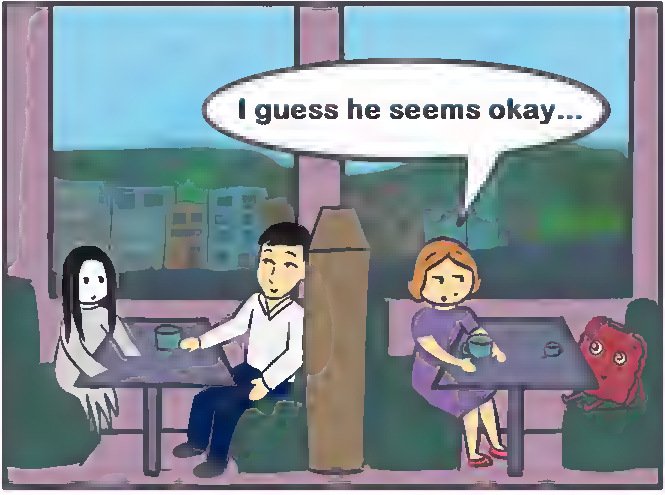
Yup!

They seem happy...

He seems like a nice guy...
He gave me socks!

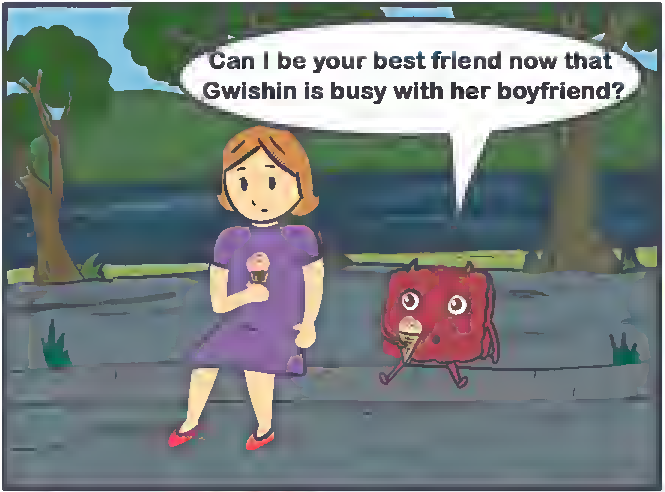
Hmmm

I've always been able to see ghosts and always felt a connection to ghosts.

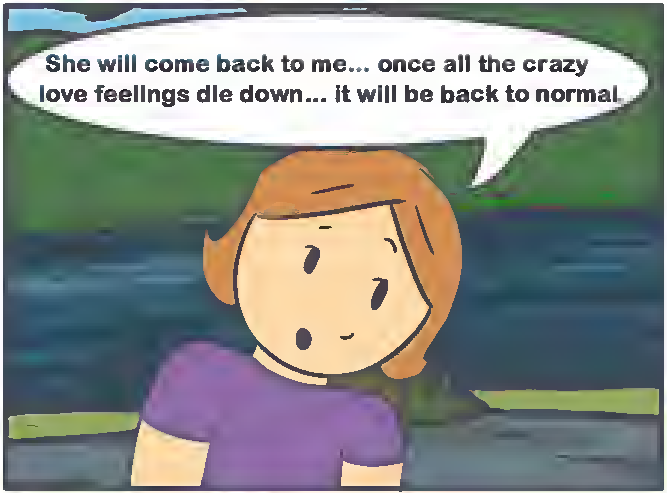


I guess he seems okay...

Maybe this is a good thing for her.

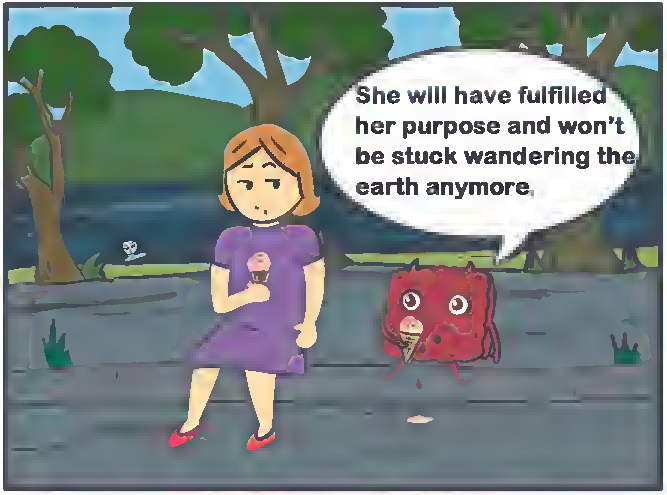


Can I be your best friend now that Gwishin is busy with her boyfriend?

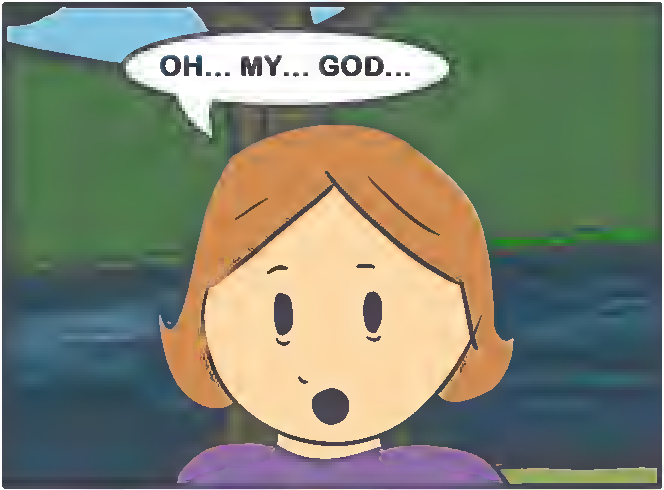


She will come back to me... once all the crazy love feelings die down... it will be back to normal

But if she loves him and marries him she will cross over.



She will have fulfilled her purpose and won't be stuck wandering the earth anymore.



OH... MY... GOD...

And then we can be best friends!

To be continued
